<p>I have taken note of the following transitional provisions:</p> <p style="text-align: center;">—</p> <p style="text-align: center;"><b>§ 14 Transitional provisions</b></p> <p>(1) It is possible for students who are registered for the Master of Science degree programme in Environmental Management at Kiel University at the time when these Rules enter into force to obtain a degree up until the end of the summer semester 2022 in accordance with the degree-specific examination regulations which ceased to be in force pursuant to Section 15 (2). If modules are offered in a different form, these must be completed under the new version. If compulsory modules from the degree-specific examination regulations in accordance with Section 15 (2) are no longer offered, the Examination Board will name replacement modules.</p> <p>(2) Students can apply to change to the new degree-specific examination regulations. Module examinations which have been completed and passed in full by the date these Rules enter into force will remain valid. Compulsory modules which have already been completed will be transferred with the ECTS credits listed in these degree-specific examination regulations.</p> <p>(3) If a student has completed and passed independent parts of a module examination, these will be recognised. The Examination Board determines which additional examinations are necessary to complete the module, under consideration of the module's learning targets and the purpose of the examination.</p> <p>(4) Examinations failed before these Rules entered into force will be set off against the number of attempts allowed under the new examination regulations, provided the structure of the new module examination permits recognition.</p> <p>(5) The Examination Board decides regarding special cases of hardship for which the student is not responsible.</p>
