Written Examination: Food Policy	Written Examination	Graded	Compulsory	100
Further Information on the Examination(s)				
<p>1.+2. period in summer semester 1. period in winter semester</p> <p>examiner: Prof. Dr. Abdulai QIS: 52303 with number of Examination 5235 ungraded presentation is required</p>				
Course Content				
<p>Lecture: Overview of policy aspects in Food Economics, objectives, instruments, and limitations of economic policies in the food sector, formation of interest groups and lobbyism in the food sector, economic systems and regulation policies in the food sector, international competitiveness and competition policies for food products, international trade restrictions, tariff and non-tariff trade policy measures, measurement of trade restrictiveness, determinants of trade restrictiveness in the agri-food sector</p> <p>Seminar: Presentation and discussion of selected topics by the course participants</p>				
Learning Outcome				
Students are in a position to identify, explain, and link specific problems in the agri-food sector. They are able to independently work out, analyze, and critically assess specific food policy issues. This enables the students to assess the significance of policy interventions, as well as to develop ideas for alternative concepts.
