Examination Name	Type of Examination	Evaluation	Compulsory / Optional	Weighting
Project: Project 1 (scientific project or change project)	Projektarbeit	Graded	Compulsory	100
Further Information on the Examination(s)				
1.+2. period in summersemester 1. period in wintersemester examiner: Dr. Donath/Dr. Ulrich QIS: 78500 with number of Examination 78510				

Course Content
<p>Students will carry out research or applied projects, generally in small teams. They define the aims and objectives of their projects, draw up a time schedule for their work, carry out the project and present their results in a workshop open to the public. Students will plan and organize this workshop. The projects will be guided by the mentors and their groups.</p> <p>Projects can be undertaken in the following areas of the master programme:</p> <ul style="list-style-type: none"> - Knowledge and analysis - Communication and empowerment
Learning Outcome
<p>Students will develop their competences to define, plan and carry out independent projects. They will acquire the competences to adequately communicate the results of their projects to the scientific community as well as to the general public.</p>
