Agricultural Markets and International Trade	agrarAEF060-01a
Module Coordinator	
Prof. Dr. Jens-Peter Loy	
Organizer	
Institute of Agricultural Economics - Agricultural Market Analysis	
Faculty	
Faculty of Agricultural and Nutritional Sciences	
Examination Office	
Faculty of Agricultural and Nutritional Sciences - Examination Office	

ECTS Credits	6
Evaluation	Graded
Duration	one semester
Frequency	Only takes place during winter semesters
Workload per ECTS Credit	30 hours
Total Workload	180 hours
Contact Time	60 hours
Independent Study	120 hours
Teaching Language	English

Module Courses			
Course Type	Course Name	Compul- sory/Optional	SWS
Lecture	Agricultural Markets and International Trade	Compulsory	4
Lecture	Agricultural Markets and International Trade	voluntary	2

Examination(s)				
Examination Name	Type of Examination	Evaluation	Compulsory / Optional	Weighting
Written Examination: Agricultural Markets and International Trade	Written Examination	Graded	Compulsory	100
Further Information on the Examination(s)				
1. + 2. period in winter semester 1. period in summer semester examiner: Dr. Bittmann QIS: 43502 with examination 43520

Learning Outcome

Students learn about the concepts and theories behind market integration and international trade. The course introduces students to the most important theories of international trade. The goal is to enable students to assess the causes of international trade and its consequences. As an introduction to empirical research methods, modern econometric models are presented. Case studies and data from the agricultural sector will be used to illustrate these concepts and their significance.
